

Buzz Day

Perhaps your Lions Club would like to do something to help raise funds for Diabetes.

The following is a message from www.diabetesnsw.com.au

Buzz Day is our annual merchandise fundraising campaign raising funds to take the sting out of diabetes. The event involves the sale of merchandise throughout the month of September at supporting retail outlets, culminating into our signature day 'Buzz Day' on Friday 21st September 2007. On this day staff, and many volunteers, will be out and about beating the diabetes drum.

Buzz Day is now in its 7th year, and with continuing growing support, we hope to raise over \$300,000 to benefit all those affected by diabetes through our Awareness, Research, Education and Advocacy programs.

You can get involved by helping to sell a box of merchandise, purchasing products on Friday 21st September or online. Together we will work towards hitting the 2007 fundraising target of \$300 000! The merchandise on offer this year includes stylish 2007 flashing pens, 2007 projecting keyrings, magnetic Buzz Day badges and our well-known clip-on bees - all available within an affordable price range of \$3 - \$6.

New to 2007, some products will be able to be purchased online. Products include our famous [Fluffy Bees](#) at \$20 each and 2 new additions, [Peeper Bees](#) for \$15 each and [Bee Dogs](#) for \$30 each.

[Toll Priority](#) has come back on board to be our courier sponsor, without their help, Buzz Day wouldn't be where it is today! Visit www.tollpriority.com.au for further information.

Other organisations who confirm their support this year include Blooms the Chemist, Pharmacist Advice, National Pharmacies, Terry White Chemists, Medicare, Best & Less, Soul Pattinson Chemist and Supré - who will be selling the Bee Dog from their website www.supre.com.au.

We need your help this September! Make sure you buy a Bee and help take the sting out of diabetes!
