

Hi

For those who do not know me I am Brian Bourke from Manning River Lions and I have taken over the job of District Newsletter editor from Jim Brear for the 2008/09 Lions year.

The purpose of this email is to request your input to OUR Newsletter. As a Cabinet Officer I would like regular input to the Newsletter. It is my goal to keep members informed and this is a very important way of doing it. This is your way of getting around the Secretary. Many Secretaries decide what members want to read, I know, I am one of them. As a result if we can have information in the District newsletter you can by-pass the secretary and straight to the member. Well thats the plan anyway, and for that to be successful its up to you. As a member of Cabinet you are responsible for a portfolio and surely there is something to keep members informed.

This year we will print a District Newsletter every 2 months and it is my intention to have the July/August edition distributed to clubs before the end of July for distribution to members with their monthly newsletter or at the first meeting in August. Clubs and Cabinet officers will also be emailed a copy.

So now its up to you so please give Lions some (more) time and email a report very soon, by the 10th July please.

Thanks and I look forward to your report

Yours in Lions

Brian Bourke
