

STEPPING ON

In a previous article I outlined how **Lions Lady Peggy** ‘**Stepped Out**’ in 2004 so that special children could enjoy doing the same. And now, in late 2011, it is time for **Lion Peggy** to ‘**Step On**’ and embark on another phase of her life, with the sure knowledge that many of her children have been able to and will do the same, thanks to the incredible efforts of her wonderful helpers, her remarkable husband IPDG Ray and of course her own unique special self.

Over seven years ‘the team’ raised nearly \$19,000 for some very grateful mobility families, from young Jemma through to Axel.

There’s nothing very ‘gilt edged’ about collecting cans and bottles, but in Lion Peggy’s case the results most certainly have been.

The Australian Lions Children’s Mobility Foundation team are immensely grateful to this Lion who had an idea and saw it through. On a personal level it’s an absolute privilege to be around such a dedicated and inspirational lady. A great example for us all.

Thank you Peggy.
