Delivery of Lion magazine

During the Council Chairpersons workshop in Mildura, we discussed the distribution of the *Lion* magazine to family unit members. Under LCI policy, only the "Head of Household" in a family unit receives the magazine. To date, we have not implemented this policy due to system issues between the WMMR and our mailing house. This has meant that we have been carrying the additional cost of mailing the magazine to family unit members.

We have now resolved these issues so please note that as of this edition, the *Lion* magazine will only be delivered to the head of the household, in each family unit.
