Dear Council Chairperson,

It is difficult for us in Australia to understand fully the tragedy that has been inflicted upon the people of Norway. As the news of the horror reach us the distance that geographically separates us does not diminish the sadness that Lions in Australia feel on hearing of such reports.

On behalf of Lions Australia I express our sympathy to the peoples of Norway and to the Lions of Norway.

Our thought are with you and please be assured that if that part of the Lions Family which is the Australian Lions can be of assistance we stand ready to help.

Yours in Service

Peter Clarke
